# eSAFETY POLICY

**Name of Organisation: The Country Trust**

## POLICY STATEMENT

We recognise that the welfare of all children is paramount and that *all* children, regardless of ability or culture, have equal rights of protection. We have a duty of care when children are in our charge and we will do everything we can to provide a safe and caring environment whilst they attend our activities.

## POLICY AIM

We promote the highest standard of safeguarding practice in all our activities with children. We will adhere rigorously to this policy in all aspects of our work when anyone in our organisation is accessing any form of digital or electronic communication including the internet, mobile phones, games, photography, videos. This policy should be read in conjunction with our Safeguarding Children and Photography Policies. This policy is for The Country Trust; when working with school groups we will liaise with school staff as appropriate to their procedures.

## LEAD AND DEPUTY PERSON FOR eSAFETY

The responsibility of managing eSafety can be both demanding and challenging, and therefore must be appointed at managerial/trustee or committee level to personnel who are available when we are operational.

### Our lead is:

Name: Jill Attenborough CEO, The Country Trust

Contact details: [jattenborough@countrytrust.org.uk](mailto:jattenborough@countrytrust.org.uk) Tel: 01245 608363

### Our deputy lead is:

Name: Maggie Hyam, Office Manager The Country Trust

Contact details: [Mhyam@countrytrust.org.uk](mailto:Mhyam@countrytrust.org.uk) Tel: 01245 608363

Their role is to oversee and ensure that our eSafety policy is fully implemented. This includes ensuring that they and all staff receive eSafety information and child protection training as appropriate. The deputy should be available to support or cover for the nominated lead.

She will also handle any complaints or allegations against the nominated lead if appropriate. This policy will be made available to all adults, children, young people and parents/carers by website, staff training, leaflet, staff handbook, staff induction.

## WHY DO WE NEED AN eSAFETY POLICY?

Recent advances of the internet, mobile phones and other electronic technology have made access to information and communication increasingly easy for everyone. It is estimated that 98% of young people can access the internet away from school and in addition to research for homework, the majority use social networking sites, along with playing games and downloading music and videos. Recent CEOP (Child Exploitation & Online Protection Centre) research with 6,000 young people aged 11-16 years, demonstrated that 25% had met a new “friend” from the internet for real, 25% of whom had met that person alone, 2% had taken a trusted adult, the remainder had taken a friend of their own age. Government guidance is clear that all organisations working with children, young people, families, parents and carers have responsibilities. It is important to remember that children and young people can also abuse and that such incidents fall into the remit of this policy.

**“All agencies providing services to children have a duty to understand eSafety issues, recognising their role in helping children stay safe online while also supporting adults who care for children”**
